

Nama : M.Ariffudin Hariyansyah

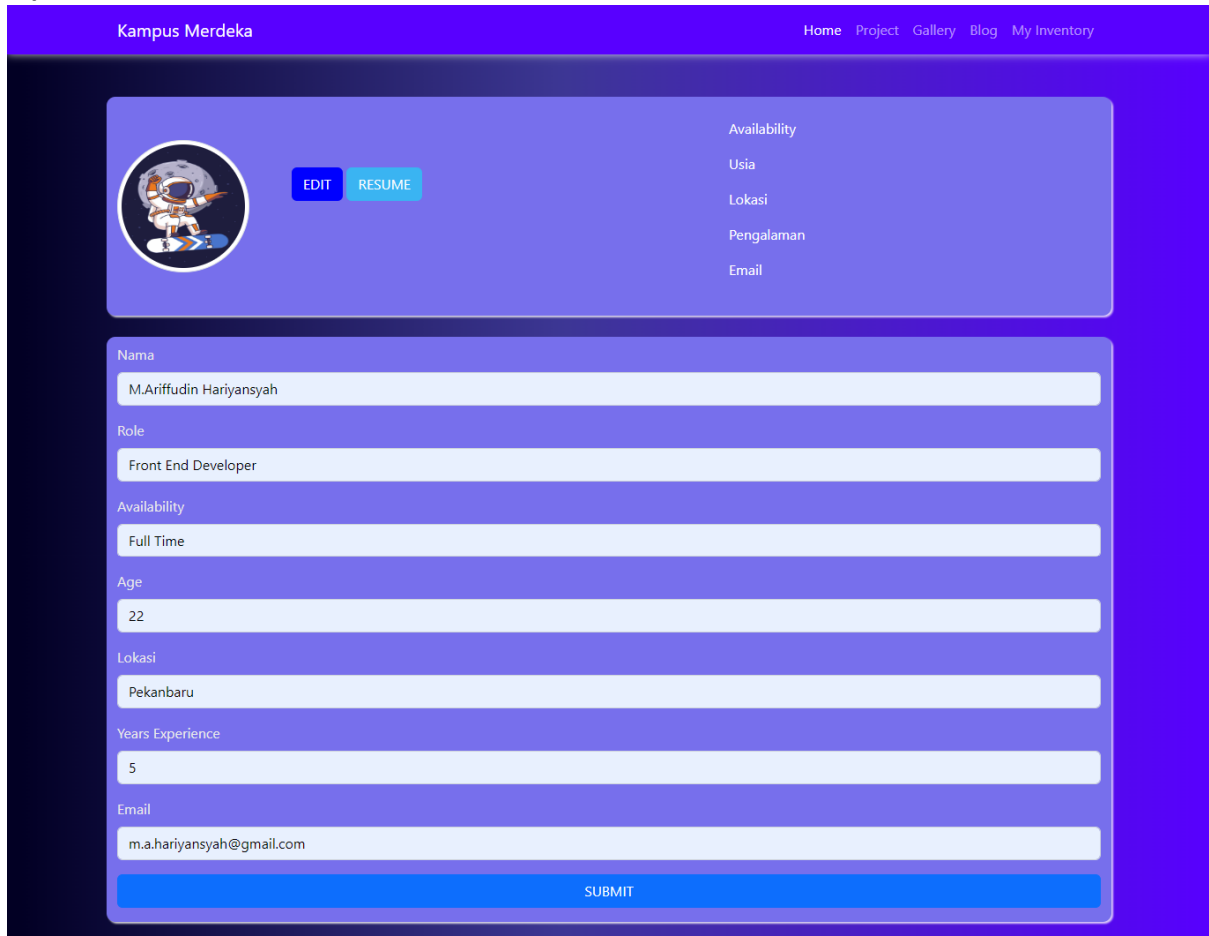

Kode : INPG – KS07 – 013

Berikut Hasil assignment 2

Terdapat Button Edit ,ketika button di klik secara otomatis form input data akan muncul.

Untuk validasi form menggunakan **required**

Input Data

The screenshot displays a web application interface with a dark blue header. The header contains the text "Kampus Merdeka" on the left and a navigation menu with links "Home", "Project", "Gallery", "Blog", and "My Inventory" on the right. Below the header, there is a profile section with a circular profile picture of an astronaut, two buttons labeled "EDIT" and "RESUME", and a list of fields: "Availability", "Usia", "Lokasi", "Pengalaman", and "Email". Below this, a form is shown with the following fields: "Nama" (filled with "M.Ariffudin Hariyansyah"), "Role" (filled with "Front End Developer"), "Availability" (filled with "Full Time"), "Age" (filled with "22"), "Lokasi" (filled with "Pekanbaru"), "Years Experience" (filled with "5"), and "Email" (filled with "m.a.hariyansyah@gmail.com"). A blue "SUBMIT" button is located at the bottom of the form.

Berikut screenshot dari source code

The screenshot shows the Visual Studio Code editor with a file explorer on the left and a code editor in the center. The file explorer shows a project named 'INPG07-ASSIGNMENT1-ARIF' with files 'index.html', 'style.css', and 'README.md'. The code editor displays the following JavaScript code:

```
index.html M X # style.css
130 <html> <body> <form#form-nama.container.my-4.color> <div.mb-3
131 // document.getElementById('input-email').value = textEmail.innerText
132
133 let inputNama = document.getElementById('input-nama').value;
134 console.log(inputNama);
135
136
137
138 function inputSubmit(event) {
139     var inputNama = document.getElementById('input-nama')
140     var inputRole = document.getElementById('input-role')
141     var inputFulltime = document.getElementById('input-fulltime')
142     var inputUsia = document.getElementById('input-usia')
143     var inputPengalaman = document.getElementById('input-pengalaman')
144     var inputAlamat = document.getElementById('input-lokasi')
145     var inputEmail = document.getElementById('input-email')
146     document.getElementById('nama').innerText = inputNama.value
147     document.getElementById('role').innerText = inputRole.value
148     document.getElementById('usia').innerText = inputUsia.value
149     document.getElementById('fulltime').innerText = inputFulltime.value
150     document.getElementById('alamat').innerText = inputAlamat.value
151     document.getElementById('pengalaman').innerText = inputPengalaman.value
152     document.getElementById('email').innerText = inputEmail.value
153
154
155
156
157     const form1 = document.getElementById('form-nama')
158     const display = form1.style.display
159     if (display == 'block') {
160         console.log(display, 'display dalam if')
161         form1.style.display = 'none'
162     } else {
```
